

Gold Coast

Construction begins at Avenue East

Groundbreaking ceremonies for Avenue East, the Magnificent Mile's newest boutique condominium, took place on site at 160 E. Illinois St. on Sept. 27. More than 70% of the building's 133 residences have been sold since the developer, Residential Homes of America (RHA), opened a sales center next door to the site in February. The 27-story tower offers residences ranging in size from studios to 3-bedrooms; a wide selection of homes are still available, priced from the mid-\$300,000s to over \$1M.
